

DISCOVER

Close your eyes and dream about your new pleasure space.

Imagine your new dayboat, a concentrate of style and performance.

Let your eyes rove over its sleek lines.

Marvel at the care given to every detail, every accessory, each finish.

Choose one of the two programs: SUNdeck or SPACEdeck.

Among the eight models from 7 to 10 metres, there is a Flyer that looks like your desire for freedom.

The logo features a stylized white wing graphic above the word "FLYER" in a bold, italicized sans-serif font. Below "FLYER" is the text "PILOT EDITION" in a smaller, bold, sans-serif font.

FLYER

PILOT EDITION

A new addition has been made to the Flyer line this year, with the special PILOT EDITION, combining distinctive style with new features. All the Flyer models feature an **elegant pearl-grey hull** complete with special decorative features, a symbol of the range's modernity. The boat's beautiful distinctive look is complemented by **black pulpits and handrails**.

You will feel even more at home on the Flyer Pilot Edition if you opt for the very comfortable and distinctive **new upholstery**. The Flyer 8, 9 and 10 also feature a **sport steering wheel**, which experienced drivers will love, a T-Top decorated to match the hull, and **blue underwater lights** for an unmistakable look.

SEE THE VIDEO

AIRSTEP TECHNOLOGY

For incomparable sailing sensations, every Flyer is equipped with the latest Airstep® technology, optimized for these outboards.

AIRSTEP® PATENT: Maud Tronquez, Patrick Tableau, Remi Laval-Jeantet

Unique patented qualities:

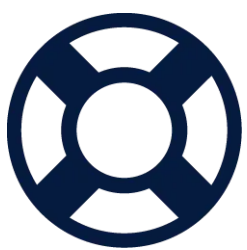

Performance

faster acceleration, increased maximum speed, better fuel efficiency

Safety

exceptional seaworthiness, sailing through waves made easier, optimized turns

Comfort

“air cushion” effect at the aft of the hull, linear acceleration, more flexible turns

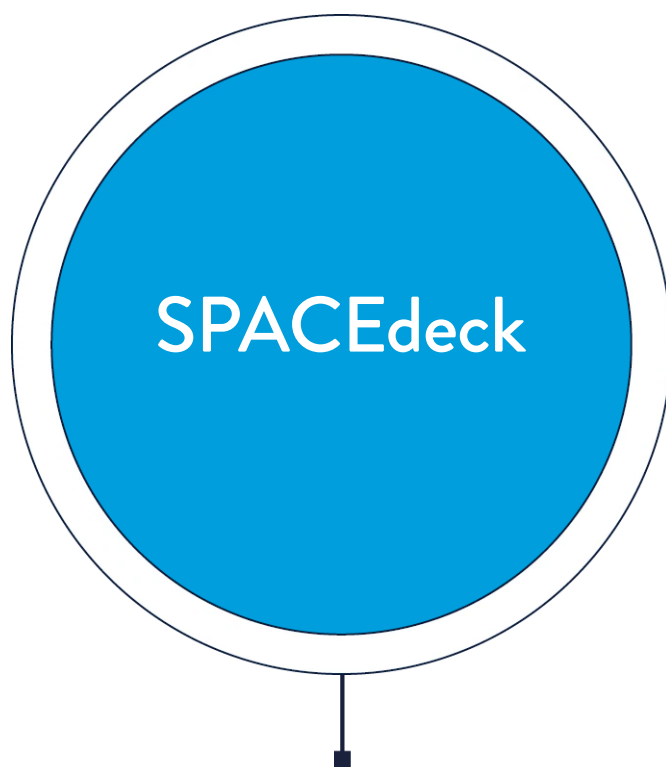

POWER, STYLE AND SPACE

The innovative Flyer is at once powerful and elegant, and the clean modern lines make a big impact. Attention to detail and quality can be seen in the stainless steel, cabinet work and upholstery. Every Flyer model makes maximum use of the boat's beam to provide generous living spaces on board, with the emphasis is on sensations.

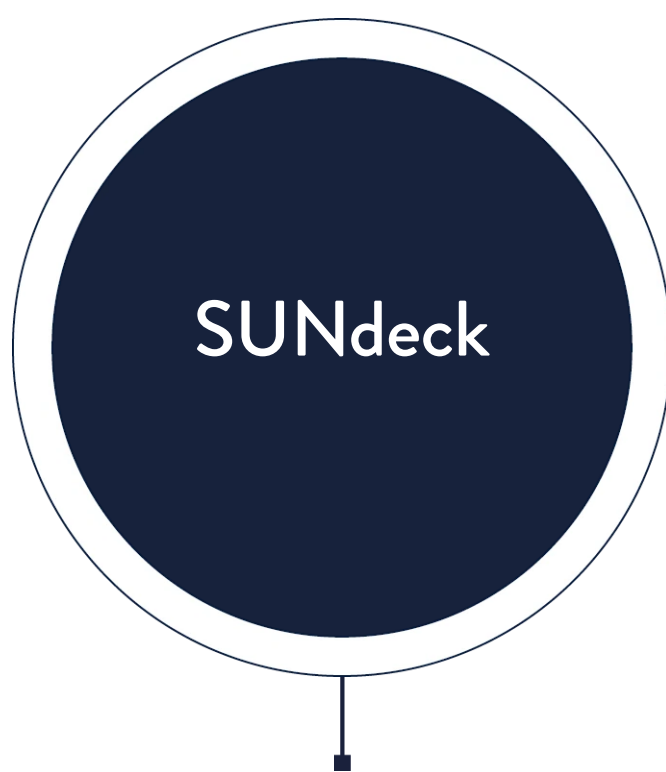

A UNIQUE CONCEPT

The same hull design with a choice of two deck plans. Both the Flyer SUNdeck and SPACEdeck make maximum use of space and boasts lots of practical features.

AN OPEN BOAT IN ALL ITS GLORY

The Flyer SPACEdeck has a completely open deck, creating wonderful living spaces on board. The centrally positioned driving station, a key feature, means that everyone gets to enjoys the thrill of boating. Large walkways, good-sized freeboards and handrails everywhere make these day boats really safe. From wakeboarding to fishing (optional live bait well and worktop), the SPACEdeck lends itself well to a wide range of water sports.

STYLISH AND SPACIOUS

The deck plan of Flyer SUNdeck places the emphasis on relaxation spaces, so life on board is comfortable and laid-back. The vast modular sunbathing area (two or three mattresses) give the boat's foredeck an open airy feel. On the larger models, a cabin and head mean you can prolong the pleasure with a night on board. The elegant Flyer SUNdeck is both a beautiful boat and a joy underway.

THE BEST IN MARINES TECHNOLOGIES

The combination of the Flyer range and Suzuki engines delivers unique performance, fuel efficiency and reliability for an ultimate navigation experience. All engines benefit from the most advanced technologies in terms of optimising fuel consumption and reducing environmental impact, while ensuring the user enjoys a real pleasure in navigation. In particular, manoeuvring up to the dock is made easier by the joystick (DF300AMD/350BMD). www.suzuki.com

Mercury Marine is a global leader in marine propulsion, trusted by boaters and professionals for over 80 years. Renowned for its cutting-edge technology, proven reliability, and quiet performance, Mercury offers a wide range of outboard and inboard engines that align perfectly with the BENETEAU spirit - whether for cruising, relaxing, or more dynamic outings. With a strong commitment to energy efficiency and intuitive control systems, Mercury ensures every Bénéteau owner who chooses Mercury enjoys a powerful, smooth, and confident experience at sea.

FLYER 10

THE DAYBOAT THAT THINKS BIG

The Flyer 10 combines all the strengths of the range and is positioned at the intersection between the day boat and the express-cruiser.

Bigger, faster, and ever more comfortable, the Flyer 10 is the flagship of the Flyer range.

This outboard powerboat combines a unique boating experience with ground-breaking comfort. Its smart walkaround concept marries easy movement on board with safety, and with an asymmetric single port walkway, she offers greater deck and cabin space.

PILOT EDITION

The cockpit is modular and spacious and the large saloon can be converted to a sunbathing area in no time at all. The galley has all the equipment you need to cook real meals on board, so you can really enjoy life aboard.

Powered by 2 x 350 hp engines, the Flyer 10 is equipped with Airstep2® technology and lifts off in just a few seconds to reach a peak speed more than 40 knots.

The comfort inside is worthy of a cruiser, with two bright cabins and a real shower space separate from the toilet.

The deck space has been optimized, particularly to the bow. The layout has been cleverly adapted to provide easy access to a vast sunbathing area for three people.

FLYER 10 Sport Top

THE LOOK OF SPORT CRUISER, THE SPIRIT OF A DAY BOAT

The Flyer 10 Sport Top combines the elegance and comfort of an express cruiser with the agility of a day boat. Designed to adapt to all uses, season after season, this model stands out for its optimised layout, which promotes on-board movement, natural light and a permanent feeling of open space.

PILOT EDITION

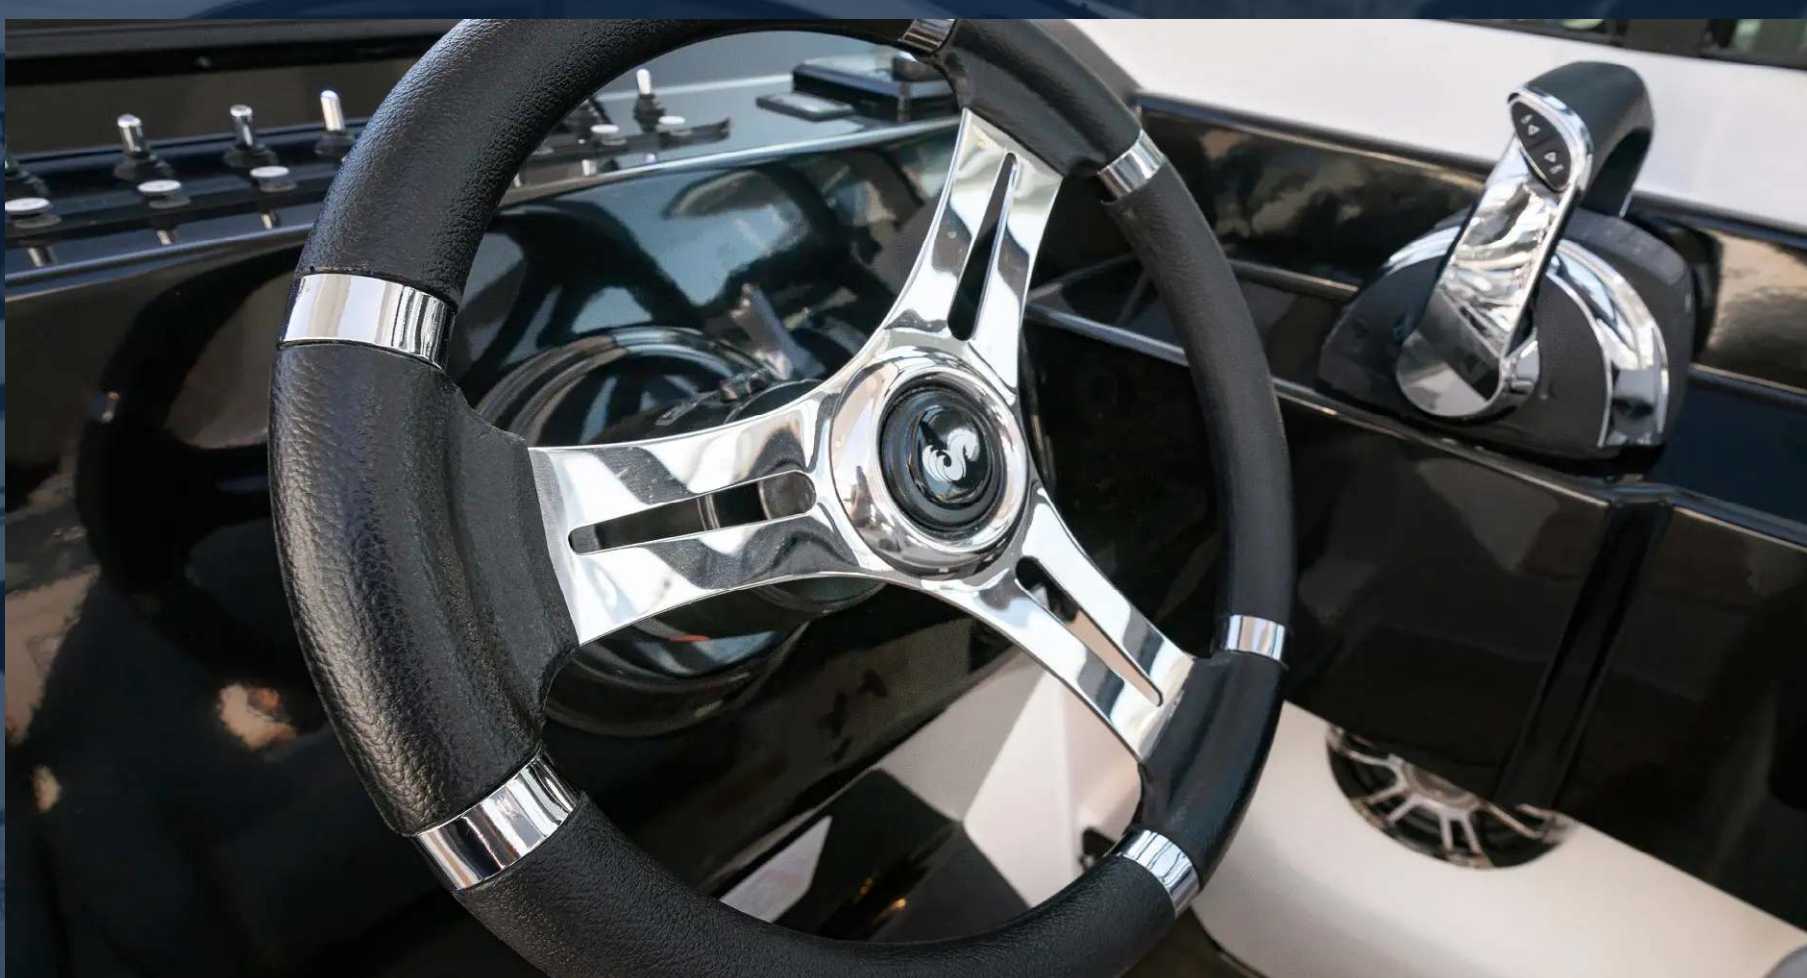

The sharp design of the Flyer 10 Sport Top perfectly embodies the spirit of the Flyer range. Its elegant, dynamic lines play with the light, while the layout of the upper deck is fluid, creating a harmonious and airy atmosphere.

Its glass hard top provides remarkable visibility, and the modular cockpit allows four people to fully enjoy the cruising. Whether at the stern or the bow, the spacious areas offer generous sunbathing.

Inside, two double berths and a full bathroom with separate shower provide the ideal living space for extended stays. Large side windows let light flood into the cabins, which offer generous space and plenty of storage.

With outboard engines of up to 700 hp, the Flyer 10 Sport Top promises top speeds of 35 knots.
